Voluntary Recall of Hydrocortisone Powder for Solution for Injection 100mg

Chemillennium International (HK) Limited announces a voluntary recall of Batch Number: 24100803 of Hydrocortisone Powder for Solution for Injection 100mg (Hong Kong Registration Number: HK-64623) from the market due to a potential quality issue related to the packaging.

During a recent examination of retention samples at the overseas manufacturer, a defect was found in one glass vial. As a precautionary measure, Chemillennium International (HK) Limited is taking proactive steps to recall this batch to ensure the safety and well-being of patients.

The above product, containing Hydrocortisone, is a prescription medicine used for any condition in which rapid and intense corticosteroid effect is required. The affected batch has been imported into Hong Kong and distributed to the Hospital Authority, Department of Health, private hospitals, private doctors, and pharmacies.

Chemillennium International (HK) Limited has notified the Department of Health and is collaborating closely with them to monitor the recall process.

For any inquiries related to this recall, please contact our customer service hotline at 2110 0773. While Chemillennium International (HK) Limited has not received any adverse reaction reports related to this batch, we urge all healthcare professionals and patients to discontinue use of the affected batch immediately.

We appreciate the understanding and cooperation of all stakeholders during this process. Ensuring the safety and health of our patients is our top priority.
